When Morning Comes

Dan Hardison

In youth my thoughts were filled
with lofty goals,
wondrous dreams,
and endless possibilities.

As years slipped by
these goals and dreams
became harder
to achieve.

New courses made,
expectations altered,
goals changed,
dreams were lost.

But now I find a need
for new goals and dreams
or perhaps . . .
the ones I left behind.

When morning comes
I will rise to a new day
with goals and dreams
I have yet . . . to realize.
